Mr. Charles Dickens in America... The correspondents of the daily papers give The correspondents of the daily papers give some amusing accounts of the recitement erented by Mr. Dickens's readings. Mr. Dickens, having completed his course of readings in Boston, has come to New York, where he gives four readings this week. He began last evening in Steinway-ball to an overflowing antience. Both in Boston and New York his readings have been well recived, and are most heartily applauded. Mr. Dickens's visit is a great success; his welcome has been a warm one, and from the series of 80 are readings he contemplated giving he will properly the was already declined an offer of \$1,500 and hight from an American, who desired to take night from an American, who desired to take charge of the reallings, and who promised to pay charge of the realings, and who promised to pay in addition every expense attending them. In Boston his readings are said to have given him a profit of \$4,000 each night. The following is a description of a "ticket said." At eight o'clock, I nesday evening, a little newaboy took up his station next the main door leading to the vestibile of the hall. Shortly before midnight a station was a super mon the scene, and began t party of seven came upon the scene, and began the tedious waiting for the morning hours. Gradually this number was augmented, until at daybreak over 150 persons had gathered, at daybreak over 150 persons had gathered, and as the boar announced for opening the doors approached the line had stretched its length from Steinway Hall East to Irving place; thence to Fifteenth street, thence to Fourth avenue, thence to and through Fourteenth avenue, thence to and through Fourteenth arreet again, until a score of persons only were needed to effect the union of the two extremes.

A large proportion of those standing near the

the head of the line were ticket speculators, but lon scattered through the single file were labouring men and several little boys, who only came to he bought off. The little fellow who led the force was very fortunate in selling his place to a Southern gentleman, it is said for \$30 in gold. find There were many such instances—indeed, it was not uncommon for anxious individuals to give from ten to thirty dollars for the privilege of supplicating another.—A detachment of police officers, under Captain Cameron, of the lice officers, under Captain Cameron, of the Lighteenth Precinct, was present to preserve order, which they dideffect unity, although at times order, which they dideffect unity, although at times form they were tried to the utmost in their endeavour they were tried to the utmost in their endeavour they the line straight, and prevent irregularities. In order to defeat the speculators, who fed the the land. In order to defeat the speculators, who led the line, if their endeavour to get possession of choice line, if their endeavour to get possession of choice seats, Mr. Dolby directed his clerk to sell the seats, Mr. Dolby directed his clerk to sell the hack seats first, and so on to the front of the hall, which was accordingly done, to the great disappointment of the greedy dealers. The sale appointment of the greedy dealers. The sale continued until two o'clock, at which hour continued until two o'clock, at which hour every seat in the house had been disposed of, and the unsuccessful ones who brought up the rear, retired with expressions of disgust more foreible than elegants.

Hongkong, Wednesday Evening. Nothing of any moment has taken place in the Drug market to day, and upon the whole it must taken as weaker. Some speculative trans actions have been done in New Patna, to arrive. from the Second sale, at \$6821 to \$6831, and Bennes was also wanted on time at \$675; with no sellers at this rate. Importers are demanding \$6773. Nothing has been done in Malwa. Ohinese seem to be quite out of the market for the present. The tendency is downward, unthe present. The tendency is downward, unities a good native demand should spring up loss a good native demand should spring up the market closes more or less nominal at \$700 to \$7024, for New Patns; \$670 to \$6724, for old; hether \$655 to \$864, for New Benares, \$680 for old; \$700 for Malwa; and \$6631 to \$685 for 2nd someth. Sales New Patna.

There has been considerable inquiry to day for Cotton Yarn, and a fair quantity has been placed, but we hear of no sales of piece goods to 7021-for New Patns; \$670 to \$6721, for old; \$675 to 6861, for New Benares, \$680 for old, \$700 for Malwa; and \$6831 to \$685 for 2nd There has been considerable inquiry to day for Cotton Yarn, and a fair quantity has been placed, but we hear of no cales of piece goods placed, but we hear of no cales of piece goods from first hands. Chinese are offering \$118 for 16/24, while importers are demanding \$125, but a middle ground seems to be \$120, at which to day's inciness has been done. At this rate the comparative value between Yarn and Grey Shirtings shows largely in favour of the latter, and although their should be a difference, the massive at present makes Yarn by far the e, as if the margin at present makes Yazu by far the cheaper purchase. The market has every appearance of buoyancy, and although the progress is very gradual, there is reason to hope that it is substantial, and that ere long a most antisfactory substantial, and that ere long a most satisfactory state of affairs will be attained. Transactions reported to day include 152 bales 16/24 Yaru at \$120, and 65 bales 83/42 at \$1424. Raw Cotton is quiet, and only 211 bales Bombay Staple has found buyers at \$15,25 to \$16.80. A fair busing her bear doing in Produce. The market ness has been doing in Produce. The market for Bank Shares is a little weak to day, and there are sellers of Old at 15 per cent, and of New at 21 per cent, premium. A parcel of new were placed at 3 per cent. Two small lots of Steambout have been settled at par. Hotel are
